SKILLS

HTML5 | CSS3 | JavaScript | React JS | GitHub | Figma | Bootstrap

Worked Experience

Trunetic infotech pvt ltd (MERN Stack)

Duration : 22 May 2025 to till date.

Technologies Used: MongoDB, Express.js, React.js, Node.js, JavaScript, Axios, ,JWT,GitHub

- Developed responsive web applications using React.js, Node.js, Express.js, and MongoDB.
- Built RESTful APIs with Express and integrated them with dynamic frontend UIs.
- Designed MongoDB schemas & models with Mongoose for efficient database handling.\
- Implemented JWT authentication & role-based authorization.
- Managed state using Redux / Context API and React Hooks (useState, useEffect, useReducer).
- Used Axios / Fetch API to consume backend APIs.
- Optimized application performance using pagination, caching, code splitting & lazy loading.
- Deployed MERN applications on Vercel / Render / Heroku / AWS.
- Used Git & GitHub for version control and code collaboration.
- Followed Agile & Scrum methodology for development and task management.

ROJECTS

Personal Expense Tracker

 Live Demo: <https://trackwithspendwise.vercel.app/>

- Built a responsive app using **React.js**, **Tailwind CSS**, **Node.js**, and **MongoDB**, supporting **100+ users**.
- **Designed a responsive and intuitive UI** using **React.js** and **Tailwind CSS**, achieving **100% responsiveness** across **mobile, tablet, and desktop** devices.
- **Implemented CRUD operations** (Create, Read, Update, Delete) for transactions with **real-time balance updates**, improving user engagement and financial awareness.
- **Added user authentication** using **JWT** and **form validation** with **Yup**, enhancing security and ensuring accurate data input.
- Achieved **100% responsiveness** across mobile, tablet, and desktop using a modular, component-based design.
- Optimized UI/UX for **mobile, tablet, and desktop devices** to ensure full responsiveness and improve user experience.

Dashboard for Analytics

 Live Demo:<https://expense-tracker-demo.vercel.app/>

- **Designed interactive data visualizations** using advanced charting techniques, increasing user engagement by **35%** through dynamic graphs and **real-time updates**, reflecting the latest key metrics and enhancing decision-making capabilities.
- Developed **customizable dashboards** with intuitive **filtering** and **interactive elements**, improving user insights and boosting **data accessibility by 40%**, empowering users to easily analyze and interpret complex data.
- Delivered **responsive reporting tools** and **export functionalities**, ensuring seamless compatibility across **100% of devices** and streamlining report generation by **25%**, improving workflow efficiency and enhancing the overall user experience.

HOBBIES & INTERESTS

- **Software Development:** Build personal projects and explore new technologies to strengthen problem-solving abilities and stay updated with industry trends.
- **Code Reviews & Debugging:** Conduct peer code reviews, identify bugs, and optimize performance to enhance code quality and maintainability.
- **Open-Source Contribution:** Actively participate in open-source projects, collaborating with developers to improve software solutions and expand technical expertise.

EDUCATION

Bachelor of Science in Information Technology, VPM's B.N Bandodkar College	Mar 2025
HSC, Dr. Asadullah khan English Medium School And Junior College 63.17%	May 2022
SSC, Yusuf Patel School 64.40%	June 2020
